

**Instructions:**

Information relating to post-graduate admissions will not be communicated to the candidates separately. The step-by-step information can be obtained from the university's website [www.tumkuruniversity.ac.in](http://www.tumkuruniversity.ac.in)

1. Students should apply for admission to post-graduate courses through UUCMS only after the announcement of results of all semesters of their undergraduate degree.
2. Candidates who wish to apply can visit the UUCMS website <http://uucms.karnataka.gov.in> and click on the login button, click on the login page New Candidate Registration and upload all the necessary details and documents and complete the registration process.
3. After completion of registration, the candidate identification number (Candidate ID) and the password issued by them should be recorded without fail.
4. While applying for admission to post-graduate degree, it is mandatory to enter the marks of all semesters of the post-graduate degree and if the degree marks are entered incorrectly/incomplete such applications will not be considered.
5. Application for a master's degree is allowed only once. Therefore, the candidates will have to decide in advance the degree, subjects and departments/colleges to be applied for and then start the application process.
6. The candidate can log in to the UUCMS website using his/her registration ID number (Candidate ID) and password and use the option > Create/View Application>Create Application option, then select the degree which they want to enter in the Academic year – 2024-25, Program Level-PG, University Name-Tumkur University and Program Name.
7. Click on the Add row button in the next Discipline, first select the post-graduate department of the university (Tumkur University Main Campus) or other colleges as per their preference from Priority-1 to Priority -5. Then click on the Preview and submit button to apply.
8. If you want to apply for various subjects of a particular post-graduate degree (e.g., Physics, chemistry, Mathematics) if you have to apply for all three subjects, select first Program Name and next Click on the Add row button. Select one by one Discipline and mark the priority 1 to priority-5 and select Tumkur University Main Campus, then select all disciplines, priority and then Preview and submit the application.
9. After submitting the application as mentioned above, the prescribed application fee will be paid to the SBI COLLECT, FINANCE OFFICER, TUMKUR UNIVERSITY (E-TAX) account and download the receipt.
10. After paying the application fee as mentioned above, once again using the option of Create/View existing Application Details, click on the view link, upload the receipt of payment of application fee using the offline option. The application process will be completed only if the application fee is uploaded.

11. After completing all the above processes, a printed copy of the application and application fee payment receipt along with all the documents (mark sheets, caste/income certificate, Aadhaar, etc.) should be submitted to the concerned Post Graduate Department of Studies/College.
