About Tumkur University

Tumkur University was started in 2004 to address the needs of students in higher education in Tumkur district. With an ardent faith in the adage “knowledge is Eternal”, the University is surging ahead with its research-gearred mission. Aiming to achieve human potential development through committed and dedicated efforts, University is ensuring an effective application of integrated and interdisciplinary approaches in its dissemination of knowledge. Tumkur University to create a generation of Human Resources to successfully meet the global challenges. It is a young affiliating university in Karnataka; it is a university with a distinctive academic profile, blending in itself commitment to rural ethos and a modern spirit. The academic life of the campus is vibrant in research and existing with seminars, symposia, special lectures and workshops throughout the year.

About Venue

Tumkur is a historic-cultural city, retaining its peace and nativity, in spite of being an hour's drive from Bengaluru, the State capital on NH-4. The place is known for the beautiful hills that surround the city and a few historical places are certainly worth a visit. Tumkur is well connected with most of the districts in Karnataka and can be reached from Bangalore by road or by train.

About the Department

Department of Studies and Research in Environmental Science established in 2010-2011 in Tumkur University. The vision of the department is to excel in education, research and outreach with a strategic focus in function of Environmental systems, Technology and its impact on the society and Analysis of Local Environmental problems and trying to find sustainable solution at multiple levels. It has good infrastructure and has obtained grants from different funding agencies.

About the Conference

Green technology, which is also known as clean technology, refers to the development and extension of processes, practices, and applications that improve or replace the existing technologies facilitating society to meet their own needs while substantially decreasing the impact of human on the planet, and reducing environmental risks and ecological scarcities.

National Conference on “GREEN TECHNOLOGY FOR SUSTAINABLE ENVIRONMENT: AN EXPLORATION” will be a platform for exchange of Knowledge and thoughts from Innovators and Interdisciplinary Researchers, Scientists, Scholars and Students by providing a National forum for the dissemination of original Research and Innovations in frontier areas of Environmental Science. The aim is to have constructive discussion on the recent challenges in reducing environmental risks and ecological scarcities and strategies evolved to overcome the challenges that will benefit in building Socio- economic models using Green technology. The Conference program will comprise several presentations, organized into sessions that will address a variety of disciplines and sustainable technologies.

Discussion Themes:

- ❖ *Green technology for Environmental Sustainability.*
- ❖ *Biofuels, Bioenergy and any other research that promote Environmental Sustainability.*
- ❖ *Nanotechnology for Environmental Remediation.*
- ❖ *Environmental Biotechnology.*
- ❖ *Natural resource management.*
- ❖ *Protection of Forest and Genetic Resources.*
- ❖ *Organic Agriculture.*

Call for Papers

The original research paper should contain the objectives of the paper, methods followed results and the significance under different headed sections. The abstract should not exceed 250 words. Author affiliations should be clearly mentioned. Corresponding author email should be underlined and presenting (if different from the corresponding author) author name should be clearly indicated. Only four key words should be provided. Calibri font @ 12 sizes should be strictly used. The email containing the abstract attachment should be sent to the email is using the following subject: Abstract for National Conference on Green technologies for Sustainable Environment: An Exploration on or before 20/03/2020.

Proceeding:

Proceeding containing invited lectures and abstracts of the research articles will be brought out at the time of conference in the form of CD.

Registration fee:

Industry persons	Rs 500/-
