WELCOME FROM THE ORGANIZERS

It gives us great pleasure to invite you for the Annual National conference of the Indian Society of Professional Social Work (ISPSW), being hosted by the Department of Studies and Research in Social Work, Tumkur University, Tumakuru and the ISPSW from 23rd to 25th February 2023 at Tumkur University, Karnataka, India.

Theme of the conference is '*SOCIAL WORK IN EDUCATION*' with sub-themes encompassing service, training, documentation and research focusing on skills, strategies and models. The conference would be a platform for social work graduates, postgraduates, researchers, educators and practitioners for the understanding of advances and policy decisions arrived by the profession in recent times, with reference to the social work responses in the effective implementation of National Education Policy - 2020 in the country.

TUMKUR UNIVERSITY

Tumkur University, established in the year 2004, has gained significance, as one of the young universities in the country and has been recognized as an institution of higher learning on par with high profile national institutions. It is a State University, established to cater to the educational needs of Tumakuru district where the majority of students hail from rural background. Since its inception, the University has been witnessing marvellous growth in the development of its academic research profile and infrastructural facilities. Within a short span, the University has been successful in being recognized as an 'Institute of National Eminence' by the UGC, besides being recognized under 12 (B) of the UGC Act 1956 and also successfully accredited with 'B+' grade by the NAAC. The ever swelling academic profile of the University constantly witnesses the highly qualified faculties, who have been regularly contributing their research papers in international journals and other media, in addition to participating in conferences, workshops and other academic events.

The research profile of the University includes research projects from various funding agencies such as Indian Space Research Organization (ISRO), Department of Science and Technology (DST), Science and Engineering Research Board (SERB), UGC, ICSSR, ICHR, Vision Group on Science and Technology (VGST), Government of Karnataka, the British Council, the NIMHANS (INI) etc.

The Indian Society of Professional Social Work (ISPSW) formerly known as Indian Society of Psychiatric Social Work was established in the year 1970. The ISPSW in its 52 years of existence has conducted Annual National Conferences (ANC) at various UGC recognized universities and reputed institutions across India, in addition publishing regularly National Journal of Professional Social Work. It is heartening to note that the members of ISPSW relentlessly worked for the success of conducting their National Journal of Professional Social Work (NJPSW).

ABOUT THE CONFERENCE THEME

‘Social work in education’ is a specialized area of practice within the broad field of the social work profession. Social workers in education bring unique knowledge and skills to the educational system and address the scholastic and interactional issues in the educational institutions. Social workers in Schools and other Higher Educational Institutions are trained professionals provide therapeutic interventions for mental health issues, behavioral concerns, positive behavioral support, academic and classroom problems, consultation with teachers, parents, and administrators, as well as to provide individual and group counselling/therapy. Social workers in schools are instrumental in furthering the mission of the schools, which is to provide a setting for teaching, learning, and the attainment of competence and confidence. In this regard, school social workers are expected to enhance the ability to meet the academic missions, especially where home, school and community collaboration are the keys for achieving students’ success and overall wellbeing. ‘The National Education Policy 2020’, has envisaged ample scope for school social workers and counsellors in its Policy Document.

With this prologue, to prepare the professional social work curriculum in line with the policy, provision of school social work has been emphasised effectively in the document. Hence, the theme of the conference is envisaged as **SOCIAL WORK IN EDUCATION.**
